Our wedding photography services are provided for a sixteen hundred dollar investment. A five hundred dollar deposit is requested to reserve a date, and the remaining portion is due on or before your wedding day. If you need additional services above and beyond the features listed below, an hourly rate of one hundred and twenty five dollars is applied.

Northpine Studio does not enforce any copyright restrictions on your images. You will be given a complimentary disc with all the full resolution photographs from your event, along with a letter giving you permission to use them in any way you see fit.

Your final pictures will be uploaded to a website where you can view them, order professional grade prints from our supplier, or download them in original quality. These online services are password protected so that only you, or those you share the code with, will have access to your content. We will leave your online gallery on our website for one year.
